

## AVIONICS SOLUTIONS

### Take your *service level to new heights*

Keep your customers connected at 30,000 feet! JTS's avionics professionals are experienced with all onboard electronics and able to manage your special project; whether you need installation expertise on your in-flight entertainment system or help meeting the demands of today's tech-savvy passenger with onboard Wi-Fi access.

Our Wi-Fi service is supplied by Gogo and is safe to use with any Wi-Fi enabled device.
